Free and Healthy Children International Annual Report

February 2018

Focus of 2017

FHCi, holding a non-profit designation for the fourth year, as our primary goal, we pursued a number of projects borne out of the 2016 fall strategic planning session.

- Update of website
- Streamline renewal process
- Increase volunteer opportunities
- Funding initiatives
- Outreach to homeopathic schools
- Pursue community education and presence at on-topic conferences
- Develop HP Family Membership platform
- Solidify the HP Supervisor Membership platform
- Publish HP Family Newsletters
- Search for new board members and directorship
- Create five new board positions and add three new board members
- Update and overhaul of FHCi bylaws
- Develop Ethics Review Process
- Develop Adverse Event Reporting System
- Develop sponsorship opportunities in the HP Program booklet
- Develop relationships with affiliate international non-profits to channel donations

FHCi's secondary goal became strengthening our community, organizational membership and foundation through individual project portfolios for Board Members. FHCi actively engaged HP Supervisors through volunteer activities to further support this goal. We added new communication channels via the WhatsApp application, the Facebook working group, newsletters and teleconferences. These media platforms have allowed our HP Supervisors to maintain active and efficient connection with each other on various issues such as: potential disease outbreaks, legislative issues, supervision of HP children and other urgent matters.

FREEANDHEALTHYCHILDREN.ORG

Shout out to our 2017 volunteers: Thank you for all your work!!!

Amber Currie, Amy Rozen, Anke Zimmermann, Astra Rugless, Chris Wiencke, Deborah Landowne, Edi Pfeifer, Jackie Krammer, Janice Doyle, Kathryn Berg, Kathryn Loeb, Kavitha Kukunoor, Lisa DeMarais, Marci Mearns, Mariana Caixeiro, Mary Baenen, Mary Nunez, Patty Regalia, Rena Sassi, Ruth Pearson Smith, Ruth Shepard Trode, Sally Tamplin, Susie Overmyer, Teresa Stewart.

Volunteer tasks

Attendance at Conferences, outreach to homeopathic schools, updates to FHCi booklet, gathering info on homeopathic associations, social media outreach through Facebook, WhatsApp, Instagram, and Twitter, website updates, public lectures, PR work to speakers at conferences, promotion of The Truth about Vaccines docu-series.

1614 Harmon Place, Suite 204
Minneapolis, MN 55403

EIN 46-2093772

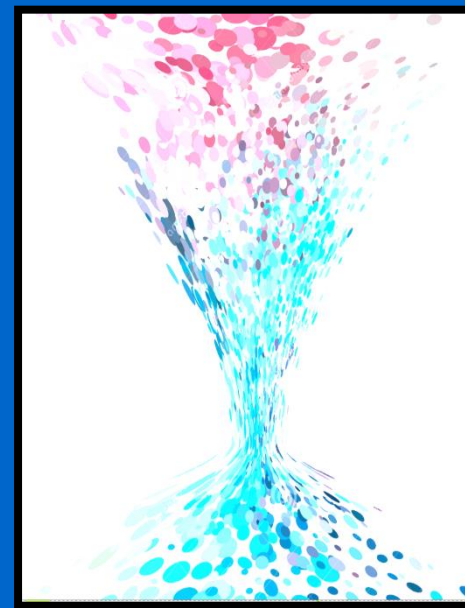

In June, 2017, our Director and Co-Founder, **Kate Birch**, stepped down as director. In June we welcomed **Ursula Dobelmann** for Social Media and **Mary Baenen** for Editing and Documents and in September, **Adelle Hansen** as the Ethics/Legal representative. In January 2018, **Marci Mearns** will take up the board position dedicated to tech and web development. **Kim Lane** stepped down from active board duties at the end of the year but continues as Medical Advisor to the research. Adding these new board positions allows for FHCi to operate under a "collaborative governance" rather than a directorship model (see Goals for 2018).

We have one 'at large' board position remaining to be filled for 2018. We are looking for a motivated person with gifts and talents to offer FHCi with regards to finance, leadership, social media or marketing.

Kate Birch remains the International Development Coordinator and will be concluding the research of the effectiveness of the HP program. During the winter of 2018, focus is on collection of data and status of program participants. Analysis will take place over the summer months and made public by fall of 2018.

Accomplishments for 2017

- January: Live lecture: *Wholistic Wellness and Wealth Weekend*. Irvine, CA.
- January: Fearless Parent Conversation about Vaccines in Red Bank, NJ.
- February: Florida Homeopathic Society Conference.
- April: Exhibitor at the Joint Annual Homeopathic Conference, Atlanta, GA.
- May: Exhibitor at Autism One, Colorado Springs, CO.
- Sept: Live lecture and exhibit at Live Aware, San Francisco, CA.
- October: Exhibitor at HP World Wide Choice Conference in Amersfoort, NL.
- November: Exhibitor at WAPF Wise Traditions Conference, Minneapolis, MN.
- 9 new HP Supervisors trained.
- Continued dialog with the North American homeopathic community through the Homeopathic Action Alliance, (HAA).

Homeoprophylaxis as a model of service

- Providing the gift of HP for children's immune systems
- Supporting families as they utilize HP for their children.
- Support for HP Supervisors with their families and in their communities
- HP Supervisors emerging into leadership.
- FHCi board as governance to ensure and oversee open access to HP.

Together and collaboratively we all support the entire HP community and the expansion of access to H

Goals for 2018

We have restructured the board with twelve positions each having three years of service, and three tiers of service. There are four board members at each tier. Between the tiers of service there is a buddy system established for communication, mentorship and monitoring of work to ensure all activities of the board come to fruition.

- **Year one: Apprentice:** Learn what the board does and become acquainted with the tasks of the individuals chosen position.
- **Year two: Advocate:** The portfolio of the board member is well established and attention is set to initiate and complete directives of that portfolio in collaboration with related board positions.
- **Year three: Coordinator:** Coordinate all activities such as: Chair Board meetings, oversee different branches of the governance structure needed to administer FHCi, and adhere to calendar of events throughout the year.

Four main areas of focus for 2018:

- **First quarter:** Define new roles, responsibilities and relationships on the board of directors.
- **Second quarter:** Connect with HP Supervisors In the field, facilitate participation in local presentations on HP and encourage networking with families and communities.
- **Third quarter:** Develop a feedback channel from HP Families to FHCi so as to inform FHCi on ways to support these HP Family Members in communicating about HP with their families and the medical community.
- **Fourth quarter:** Conclude analysis of, summarize and publish FHCi HP research.
